The only clue to their whereabouts lies with the youngest dolphin, Harriet. Unfortunately, Harriet can't tell any of the crew members at Dolphin Play Grotto where the missing dolphins are. The only chance anyone has to find the missing cetaceans is to enlist the help of River, the world's only dolphin whisperer. Will River be able to solve the mystery and find the missing dolphins?

River the Dolphin Whisperer has been contacted by Under the Ocean World to help find five missing dolphins. The first task is to decipher a message left by Harriet the youngest dolphin. 1. *Make sure that you have all the materials you need. (Materials Checklist).*
2. *You understand everything that needs to get done prior and during the Game (Party Timing and Summary)*

Notes: Throughout the manual, anything listed in **Blue Bold** is a document that will be printed and the words party and game are used interchangeably throughout.

When I throw a party/game my lists have lists. I want to try to do as much as I can to make the party memorable as well as take the pressure off trying to remember everything that needs to be done and when. We have included a **Game Schedule** with suggested time schedules, party tips and check off boxes to keep you on track, assuring your party runs smoothly and provides memories for years to come. Review this so you will know when things need to be done and refer to it during the entire party process.

The following **Party Timing and Summary** is a high level list - refer to your Party Schedule and individual sections for the timing and detailed preparation instructions.
